BISHOP GARTH  
23 OTHERS DIE  
IN AIR CRASHFormer Youngstown Meth-  
odist Minister Killed  
In China

(By Associated Press)

SHANGHAI, Jan. 29.—A Chinese  
commercial airliner carrying Meth-  
odist Bishop Schuyler Edward  
Garth of Madison, Wis., formerly of  
Youngstown, his wife and 24 other  
persons was found wrecked and  
burned 100 miles west of Hankow  
today.Airline officials who sighted the  
wreck from the air said the plane  
appeared to have exploded in mid-  
air, and expressed fear that none  
may have survived.Nonetheless a convoy of jeeps left  
Hankow with medical equipment.  
Since the crash scene is remote  
and roads poor, aid may not reach  
the wreckage for many hours.The plane, second lost in the in-  
terior of China in four days, was  
piloted by John Papajik of New  
York City and carried several for-  
eign missionaries and their chil-  
dren.Children Among Victims  
Other foreigners listed by the  
company, the Chinese National  
Aviation Corp., included Mr. and  
Mrs. R. A. Vick of the American  
Baptists (North) of Cheshire, Conn.,  
their two children; Mrs. F. Miller  
and her three children of Canada,  
and Mrs. B. Kitchen of the United  
Church of Canada.Mrs. Miller was enroute to join  
her husband who is attached to the  
China Inland mission at Chengtu,  
Szechwan province. Her three chil-  
dren are Paul, 4; Peter, 7, and  
Philip, believed to be an infant.Bishop Garth and his wife, both  
of whom came to China last Dec.  
31, had boarded the plane at Han-  
kow.Radio contact was lost shortly  
after the plane took off from Han-  
kow. The wreckage was found 30  
minutes' flying time from the field.Other Plane Missing  
The crash area is the same gen-  
eral sector being searched for the  
CNAC transport plane with 19  
aboard, including the American  
pilot, Jack M. Blackmore of West  
Los Angeles, Calif., which disap-  
peared Saturday about 15 miles away  
from Chungking on a flight from  
Hong Kong via Canton.Bishop Garth, of the Methodist  
episcopacy of Wisconsin and his  
wife Madison last Oct. 29 for  
China where he was to make a study  
of the needs of the Methodist  
church. They have three children.Last week Bishop Garth, who was  
48, was elected president of the Wis-  
consin Council of Churches in his  
absence.Bishop Garth, who was born at  
Saffordville, Kans., received degrees  
from Baker university at Baldwin,  
Kans., Garrett Biblical institute and  
Ohio Wesleyan university, and was  
ordained a Methodist minister in  
1920.Before being elected a bishop in  
1944 he had served Methodist  
churches at Welda, Kans., Henning,  
Ill., Miami, Fla., St. Petersburg,  
Fla., Pittsburgh and Youngstown,  
Ohio.

Just How To Pay Soldier  
Bonus In Ohio Is Question

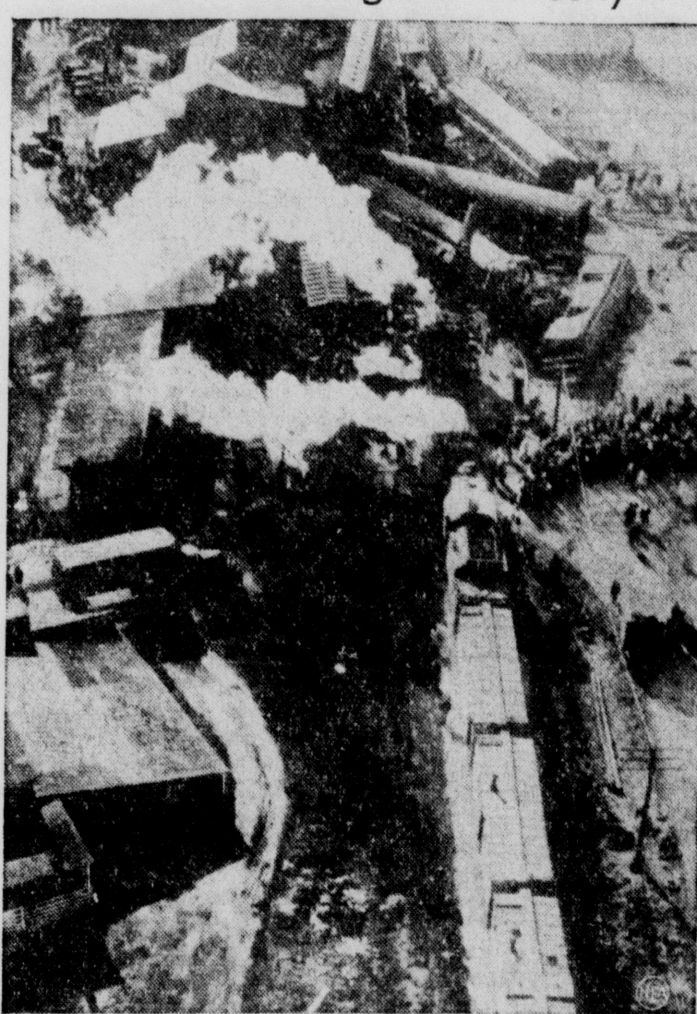

(By Associated Press)

COLUMBUS, Jan. 29.—Everyone  
at the senate sub-committee's first  
hearing on veterans' bonus plans  
agreed the payments should be  
made, but whether to finance them  
from property or sales taxes posed  
a question.The military affairs sub-commit-  
tee yesterday plunged into the task  
of recommending a proposal which  
the legislature would submit to  
voters for approval at the election  
next November to pay from \$300-  
000,000 to \$500,000,000 in bonuses to  
Ohio World War II veterans.Bonds would be issued and sold  
to obtain money for immediate  
bonuses up to \$500, with some ex-  
ceptions, but where to get the  
money to retire the bonds would  
have the five committee members  
asking questions yesterday.Asks Property Tax  
Ed Schorr of Cincinnati, rep-  
resenting the Ohio American Legion,  
urged a \$400,000,000 bond issue to  
be paid off in 25 years principally  
from an extra property tax which  
he estimated would average \$1.33  
for each \$1,000 of assessed valuation  
annually throughout the term.He suggested that the state's cur-  
rent post-war reserve fund of \$90-  
000,000 could be appropriated by  
the legislature to help out.Sen. C. Stanley Meechem (R-  
Athens), a committee member, ob-  
served that a 25-year bonus bond  
retirement program would draw on  
the "next generation" and said he  
would like to levy a tax on horse  
racing to pay them sooner.800,000 May Be Eligible  
Sen. Fred Reiners (R-Hamilton),  
who with Sen. Kyle Brooks sponsored  
the legislation, said the proposal es-  
timated more than 800,000 Ohioans in ser-  
vice between Pearl Harbor and the  
end of hostilities would be eligible  
for bonuses.Others favoring the Reiners-  
Brooks plan included J. J. Saslavsky  
and William S. Konold, both of the  
state Legion.Willis O. Hall of East Liverpool,  
legislative chairman of the Veterans  
of Foreign Wars, expressed doubt  
that a bonus plan based solely on  
property taxes would win approval  
in a popular election.He favored a proposal by Sen.  
Robert A. Pollock (R-Stark) for a  
"\$25,000,000 bond issue to be retired  
in 12 1/2 years from sales taxes.""That would be the best method,"  
he asserted, "because out-of-state  
buyers would have to pay their  
share the same as Ohioans" on  
goods bought in the state.Brooks, another committee mem-  
ber, pointed out that commissioners  
administering the bonds would have  
authority to increase sales tax rates  
if necessary to meet bond obliga-  
tions."Sales taxes in depressions might  
be doubled or tripled in that case,"  
he asserted.Sen. D. A. Liggett (R-Logan), au-  
thor of a \$500,000,000 bonus plan,  
said he was "not wedded" to any  
program but urged quick action by  
the sub-committee which he ap-  
pointed. He heads the senate mili-  
tary affairs committee.Liggett's plan would retire bonds  
in ten years from property taxes.  
Sen. Albert L. Daniels (R-Highland),  
sub-committee chairman,  
was asked whether the state could  
tap its bureau of unemployment  
compensation fund, now held by  
the federal government to pay bon-  
uses. The fund is nearly \$500,000-  
000. Daniels expressed doubt if  
that could be done.German Scientists' Trip  
To U. S. Is Cancelled  
FRANKFURT, Germany, Jan. 29.—  
A U. S. military government plan  
to fly German scientists to the  
United States to learn how to boost  
Germany's penicillin production  
suddenly was cancelled on orders  
from Washington, it was learned  
today.Ten minutes before a group of  
German scientists was scheduled to  
board the plane for America at  
Wiesbaden last week, military gov-  
ernment sources said, officers stop-  
ped them on orders contained in  
an urgent War department cable.Instead, these informants said, a  
committee believed to represent  
commercial penicillin interests in  
the United States will come to Ger-  
many to probe the possibilities of  
shipping penicillin bulk from Amer-  
ica for packaging in Germany.Penicillin is urgently needed here  
to halt the spread of venereal dis-  
ease among occupation troops and  
German women—growing menace  
which United States authorities  
have fought by seeking German  
cooperation.News To Bring Play-By-Play

pool basketball game in East Liverpool Friday night—carried to Salem  
by a special telephone line and amplified over loud speakers—will be  
available to Quaker fans in the Salem High school auditorium at 8:30  
p. m. Friday.This service, arranged by The Salem News because so many local  
fans will not be able to secure tickets for the titular battle, will be open  
to the public free of charge.Supt. E. S. Kerr agrees to use of the auditorium so that the fans  
could follow the game as it is played.Hundreds of local fans who regularly follow the team are not able  
to buy tickets for the game between undefeated Salem and twice-beaten  
East Liverpool. Interest in the fray is unprecedented.The play by play description of the game will be handled by Don E.  
Beattie and Robert Dixon of The News sports staff.Prosecutor Demands  
New Stoffer TrialProsecutor Seabury H. Ford of  
Portage county today filed a motion  
for a new trial in the case of Ralph  
N. Stoffer, former Salem police  
chief, who was sentenced to six  
months in Portage county jail last  
week on a misdemeanor charge of  
pointing firearms.Ford also indicated that regard-  
less of the outcome of his motion  
for a new trial, now before Judge  
Blake C. Cook in common pleas  
court, he will bring Stoffer to trial  
on an indictment of "assault with  
intent to kill" Claude Thomas, res-  
taurant operator in Deerfield, re-  
turned by the September grand jury.Ford, declaring that "I am not  
satisfied with the verdict of the  
court" in the original charge of un-  
lawfully using a machinegun, has  
stated in his motion that he be-  
lieves the court erred in failing to  
give a definite verdict on the il-  
legal use of a machinegun charge  
and then contradicted itself by sen-  
tencing and fining Stoffer on a less-  
er charge.May Enter Appeals Court  
The prosecutor contends that the  
court must either find Stoffer  
guilty or not guilty of the original  
charge and cannot reduce the  
charge to a lesser one that is not  
over in the machine gun statute.Ford says he intends to carry his  
case to the circuit court of appeals  
if the motion for a new trial is de-  
nied.He said the motion for a new trial  
would be heard this week.The new grand jury begins its

(By Associated Press)

CLEVELAND, Jan. 29.—Atty. Gen.  
Hugh S. Jenkins today promised  
a grand jury investigation—if war-  
ranted—into the liquor club li-  
censes issued in the closing  
days of former Gov. Frank J.  
Lausche's administration.At the same time Jenkins told  
The Associated Press that four pri-  
vate liquor clubs had given up their  
licenses—two requesting escrow and  
two representing voluntary surren-  
der.Jenkins listed these clubs which  
he said had voluntarily surrendered  
their liquor licenses or requested  
that they be placed in escrow:The Cleveland Theatrical as-  
sociation, the Antlers Social club,  
and the D-G club, all of Cleveland;  
the Youngstown Radio club, Youngs-

switches to Canton, following checks  
of permit holders in Cleveland,  
Youngstown, Akron, Warren and  
Lorain.Slayer Appeals Death

COLUMBUS, Jan. 29.—Russell  
Eugene Koons of Springfield, con-  
victed hatchet slayer of his mother,  
today appealed to the Ohio Su-

viction and death sentence.Koons, a 22-year-old navy vet-  
eran who was at Pearl Harbor when  
it was attacked, originally was sen-  
tenced to die Jan. 17, but recently  
was granted an indefinite stay of

'48 DEFEAT  
HE CONTENTSHouse Members May Vote  
Soon to Freeze War-  
time Excise Taxes

(By Associated Press)

WASHINGTON, Jan. 29.—Rep.  
Sebelius (Mich.) told his fellow re-  
publicans today that enactment of  
the GOP-backed bill to cut income  
taxes 20 per cent might "spell de-  
feat" for the party in 1948.The long-brewing rebellion in  
GOP ranks against "across the  
board" tax cutting broke into the  
open as the house neared a vote on  
legislation freezing excise taxes on  
liquor, furs and many other items  
at high wartime rates.Signalling for the floor during de-  
bate on that measure, Engel aimed  
his fire instead at house bill No. 1  
by Rep. Knutson (R-Minn.), to trim  
income taxes a flat 20 per cent for  
all persons earning up to \$300,000 a  
year.Knutson's bill would give only  
meager tax relief to the poor, the  
Michigan Republican declared,  
while granting large benefits for  
high income persons.

Would Aid Lower Bracket

Engel has a bill pending to double  
the present \$500 personal exemp-  
tions and thereby provide the great-  
est tax relief for low income groups.  
Without the freeze, the ex-  
emptions would drop automatically July 1  
and wipe out \$1,300,000,000 a year in fed-  
eral revenues.GOP leaders are driving hard to  
slash President Truman's \$37,500-  
000,000 budget for next year to make  
still more room for tax cutting.Chairman Taber (R-NY), of the  
senate-house budget committee said  
after the first closed door meeting  
of the group's 20-man subcommittee  
he believed Mr. Truman's figure  
would be slashed by from \$4,500,000,000  
to \$3,500,000,000.Engel contended that he may find  
it hard to block Knutson's bill for a  
20 per cent income tax cut.He said the Knutson measure ap-  
pears to represent "the tax policy  
of the Republican party which now  
has control of both houses of con-  
gress" and added:"It seems to receive no appreciable  
support from other Republican  
members of the ways and means  
committee nor from the Republican  
leadership for my bill."

Challenge Knutson Plan

Engel contended that under Knut-  
son's bill a worker making \$12 a  
week would receive a tax reduction  
of only two cents a week or \$1.04 a  
year, "while the financier who had  
\$100,000 annual income would re-  
ceive \$12,790 a year reduction in  
taxes."The \$22 a week worker would  
have a saving of \$2.08 a year "while  
the financier who had a \$200,000  
income would save \$29,795 a year,"  
and a man with an income of  
\$300,000 would save \$48,985 a year.Saying there are "85,200,000 peo-  
ple in the country or 61 per cent of  
the population who are dependent  
on individual or family incomes of  
\$2,500 a year or under," Engel de-  
clared:"If the Knutson bill is passed it  
will place into the hands of the  
Democratic party the most effective  
campaign argument that any party can  
have—an argument which will ap-  
peal to 86,000,000 people in the low-  
income group.""It may spell defeat for the Re-  
publican party in 1948."Engel said there should be no tax  
reduction of any kind until the  
nation's budget is balanced and a  
"substantial" payment made on the  
debt.17 HURT IN CRASH

lision of a streetcar and a double-  
trailer gasoline truck injured 17  
persons, six seriously, last night,  
and unleashed a flood of gasoline  
at a busy street intersection.Two fire companies flushed the  
gasoline from the street, and there  
was no fire.Among the seriously injured were  
the streetcar motorman, Clyde Al-

Reines, also 34. Others were Miss  
Mary Griffin, 33, Mrs. Mary Young,  
40, Mrs. Evelyn Dickinson, 22, and

overflowed the service station tanks,

## The Law Is Wonderful

The possibility that punishment of Tojo and 26 other high-level Japanese war-crimes defendants may be held up over a legal technicality carried to the Supreme Court of the United States marks the law as a wonderfully lumber tool in the hands of its skilled servants.

In this instance, the defense attorney for the Japanese war lords, David E. Smith, seeks dismissal of the indictment standing against them on the ground that Gen. MacArthur as supreme Allied commander lacked authority to create the three-power tribunal which is trying the defendants.

Attorney Smith says he plans to file suit in federal court in the District of Columbia to restrain the secretary of war from carrying out any sentence of this tribunal which Gen. MacArthur may approve. The general derives his authority from the authority of the secretary of war, and the suit, if instituted, undoubtedly would reach the Supreme Court.

This is the opposite of the extreme which lawyers feel was reached in the Nuremberg trials. The German defendants, said many lawyers, were tried, convicted and punished under a legal code and an international authority which had no definite existence when the alleged crimes were committed. The Tokyo legal maneuver, which marks its originator as possessor of a legal mind of the first water, does not rely on any such broad principles, but on a technicality of authority. This makes it correspondingly more difficult to handle. It may become necessary to turn back events to Pearl Harbor, or earlier, to get the case of the Japanese defendants in apple-pie order. If Gen. MacArthur isn't careful, the whole war with Japan may be wiped out on a technicality.

## Atomic Doubts

Senator McMahon of Connecticut, former chairman of the special congressional committee on atomic energy, is among the first to voice the atomic doubts that grow like weeds in the jungle of international suspicion.

Russia, he suspects, is at work on atomic fission somewhere behind the Urals. Its chief nuclear scientist, Peter Kapitza, is missing from western Russia, apparently having been exiled to Siberia. This believable reason—in a nation dominated by its secret police and their terror methods—may conceal the fact Kapitza is merely preoccupied with vital research in eastern Russia, the senator speculates.

The fact is there is no way to find out what Russia is doing. Even if machinery existed for trading information and exchanging solemn pledges, there still would be no way to find out what Russia is doing. Only a handful of Russians know what Russia is doing on any given matter at any particular time. A police state is perfectly adapted to concealment of information. Without good will, atomic doubts are inevitable.

Even the United States, whose good will has been made manifest, cannot depend on its good will being conceded by other governments. Neither Russia nor Great Britain is willing to take for granted the claim that atomic bombs will not be used against them. They, too, have atomic doubts. "Until we have international control coupled with an effective inspection system," declares Senator McMahon, "we will never know who is producing atomic bombs or at what moment, or at what target, they may choose to launch them."

Senator McMahon might have added that until we have international good will, there can be no international control, no international inspection. They would be a mockery.

## World Travel Toll

In the "one world" that transportation has achieved, last weekend's fatality toll in the air reached 67 in an international report. Twelve were killed in London, four in Hong Kong, 19 were missing at Shanghai, 22 were killed at Copenhagen, and the rest died in the United States.

To this should be added the fatality toll for trains, automobiles, and other forms of transportation, to get a true picture of the world toll of transportation accidents. It would be, of course, many times the toll of air accidents. While public authority and private agencies do everything in their power to minimize this "accident" toll, the fact is it hardly can be blamed on accidents because accidents are a certainty. They are the inevitable consequence of millions of human beings covering space at relatively high speed. The rate at which the accidents happen is subject to a kind of control, but it is certain that accidents will continue to happen at some rate as the inevitable consequence of exposure to the hazards of transportation.

The current impression of danger in airplane travel is offsetting a former impression, that the automobile is the major killer among means of transportation. The fact has been for many years that the automobile is incredibly safe, when it is considered that there are millions of drivers covering as much as 300 billion vehicle miles a year. Lawrence Rince, FBI inspector in charge of training activities, is the authority for saying that the motor vehicle, on the basis of miles traveled and deaths involved, is three times safer to the public as a whole than transport planes and 40 times safer than passenger trains.

## The Stars Say

For Thursday, January 30

A PROGRAM of postponement, "non-intervention" or a span of protracted vacation or relaxation from mental effort, physical depression, nervous tension and emotional excitement, might be a proper course to pursue under the existing stellar and lunar aspects. These give little encouragement for active operations.

## Birthday Forecast

Those whose birthday it is may find themselves in a critical state of mind, nerves and emotions, in which over-active and concrete endeavors might aggravate conditions and place in jeopardy funds, credit, business contacts. Postpone all important matters for diversion and rest.

A child born on this day may have a difficult and turbulent state of mind and emotions. Early discipline, understanding, kindness, and consideration should set it in a constructive channel.

## The Post-Operation Period

By HERMAN N. BUNDESEN, M. D.

THE body was made for action. This is so true that even during illness, prolonged periods of rest in bed are likely to have harmful effects.

For this reason, during recent years, doctors have adopted a policy of getting the sick patient out of bed as soon as possible, particularly after operation.

They know that the longer the patient remains in bed, the greater the chance for such complications as blood clot, the collection of fluid in the lungs and the development of pneumonia.

Sometimes, however, it is not possible to get the patient out of bed. In such cases, systematic exercises in bed can be substituted for the up-and-about-every rule.

Dr. G. Mosser Taylor and his co-workers of Los Angeles have developed a series of these exercises designed to prevent medical and surgical complications.

With these exercises every group of muscles is employed in turn. The movements are simple to learn and easy to do. The exercises may be started 24 to 48 hours after operation. They are usually done before each meal.

The amount of exercise taken each day will, of course, depend upon the patient's strength and cooperation and the condition for which he is being treated. The doctor will decide just how much exercise is required.

The exercises are easily modified to fit the needs of each individual patient. Of course, fatigue should be avoided.

All the movements, according to Dr. Taylor, should be repeated three times unless there is some specific reason for doing them less often or more often.

In these exercises, first the muscles are contracted, then they are relaxed and finally there is a complete rest period.

When taking the exercises, the patient lies on his back without a pillow. The hands are placed near the head. The elbows are bent and rest on the bed. The feet are about a foot apart with the toes pointing straight upward. The covers over the patient should be loose and not too heavy.

One of the exercises is called toe stretching. In doing this the toes are extended and spread as far apart as possible. The foot and all the toes are then slowly bent forward. The muscles are then relaxed and then the patient rests.

In another exercise the legs are

turned in so that the big toes meet touching the bed. All the toes are then bent upward and the feet drawn up as far as possible while the inner borders of the feet touch the bed.

Other exercises similar to these have been devised by Dr. Taylor and his co-workers and are described in the Archives of Physical Medicine, Volume 27, 1946, available at medical libraries.

One application for membership and one for reinstatement was received at a meeting of the Guilford grange Saturday night.

Included on the program were the following: Piano solo, Lawrence Clewell; talk on nutrition, Mrs. Robert Ward; song, Ida Jane Farmer and Carol Lee Aiken, accompanied by Mrs. Emmett Aiken; a debate "Resolved, that a well planned meal is more essential than a well prepared meal" argued by Mrs. Carl Coppock and Mrs. James Vincent and Mrs. Elwood Sanor and Mrs. Alfred Gan-eble.

A report of the county officers' meeting in Lisbon last week was given by Lawrence Clewell, Mrs. Elwood Sanor and Mr. and Mrs. Harold Raley.

In two weeks eight candidates will be given first and second degrees.

## Yugoslavia Accuses U. S.

## Of Paris Pact Violation

LONDON, Jan. 29.—Yugoslavia accused the United States today of a "flagrant violation" of the 1946 Paris agreement on reparations from Germany.

A spokesman for the Moscow-favored government of Marshal Tito made the charge in an address prepared for the Big Four deputy foreign ministers drafting treaties for Germany and Austria for action in Moscow by their superiors.

"The U. S. A. abandoned their claims to German assets (in Austria) to the Austrian government," Dr. Mladen Ivekovic said, although the Paris pact provided that allied nations "can relinquish their claims only in favor of the other" allies.

## Engine Trouble Blamed For Crash Fatal To 11

ALBUQUERQUE, N. M., Jan. 29.—Engine trouble was officially advanced today as the likely cause of a B-29 Superfortress crash which carried 11 men to fiery deaths at he army's Kirkland field.

Laden with secret equipment, the big ship wavered on the takeoff, limbed no more than 200 feet and bucked up and burned in a narrow alley just south of the field's mile and a half-long main runway.

One member of the 12-man crew survived, rescued by a pair of GI firefighters. Hospital attendants gave him a fair chance to recover.

Officers said soldier's medal citations were being considered for the firemen—Cpl. Isabel Guzman, 23, aredo Tex., and Sgt. Eldon C. Hawkins, 30, Oxnard, Calif. Risking an explosion, they also pulled another crewman out but he died soon afterward.

## Auditor Completes Fund Estimate For County for New Year

Columbiana County Auditor Irving J. Vornidan today certified to the county commissioners an estimate of anticipated revenue in 1947, justifying a total of \$468,717 in the general fund for operation of the county government.

The sum is an increase over the \$461,963 appropriated to the general fund in 1946, and is in addition to certification of \$78,500 for tuberculosis care and \$39,250 for child welfare which will be received from the state and levies voted and earmarked for those purposes, Vornidan stated.

Commissioners operating on a temporary budget, will now prepare their annual appropriations from the certification of anticipated revenue.

In estimating the sources of revenue, Vornidan lists an anticipated \$225,500 in real estate tax collections, \$215,900 from all other sources including estimates of \$93,300 from fees collected by the various offices, and \$75,000 from sales tax anticipation, plus an unencumbered balance of \$27,317 at the close of 1946.

## Columbiana Park Sewer Line Sought

COLUMBIANA, Jan. 29.—Sanitary sewer facilities for Firestone park were considered by Rotarians to be the most important immediate project for Columbiana after they had heard the views of three high school boys at their meeting Monday evening. The three school boys guests of the club are members of the senior class.

On the general subject, "What Columbiana Could Do for Youth," Robert Antram stressed the need for better Boy Scouting. James Mollenker, the need for a youth center modeled on the plan of the Salem Jayceen, and Richard Berryman told of needed improvements at Firestone park stadium, where the sanitary facilities are inadequate.

Paul Ross, program chairman, who arranged for the attendance of the high school boys, led the discussion which followed their suggestions. It was the consensus that extension of the sewer lines through the park is a matter of first importance.

**Club Plans Book Review**  
The Mothers club, meeting Monday evening at the home of Mrs. A. M. Poulton, devoted its business session largely to plans for a book review to be given by Mrs. Ruth McReid for the club Monday evening, March 10, in city hall.

The next meeting will be Feb. 10 at the home of Mrs. Lee Bookwalter. Rev. Donald Gregory of the Christian church, guest speaker Monday evening, emphasized the obligations of parents to their children.

A musical program under the direction of Mrs. Donald Zellers included two vocal duets by Mary Elen Poulton and Carolyn Gano, accompanied by Mrs. Zellers, and two trombone numbers by Charlotte Culp, accompanied by her mother, Mrs. Raymond Culp.

Mr. and Mrs. William Hum, recently married, are home from a honeymoon trip, which included visits with relatives in Newark, O., and Somerset, Pa. They are making their home with his mother, Mrs. Eunice Hum, Union st.

## Schwellenbach Calls For Approval of Truman Plan

WASHINGTON, Jan. 29.—Secretary of Labor Schwellenbach urged Senators today to approve President Truman's proposed commission to study labor problems, but criticized most other pending bills designed to iron out labor-management trouble.

He told the Senate labor committee the trouble was that "the art of collective bargaining has been forgotten."

Schwellenbach struck out directly at one bill introduced by Senator Ball (R-Minn.) to outlaw industry-wide collective bargaining. But the Secretary's prepared testimony took no notice of another Ball measure — one that would permit the firing of strikers.

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what it was? Was it not because you ate the "old stomach" and the "old stomach" need help. Now you can again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic. You will have little cause to get balky with gas, bloating and eye of that sour taste.

Don't wait! Energize your body with SSS Tonic. Start on SSS Tonic now. Your whole body, greater freshness and strength should make you eat better, play better, feel better, work better, sleep better, have a healthy color glow in your skin—firm, fresh, fit out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic. Buy SSS Tonic.

## Army Tests May Aid U. S. Airlines

WASHINGTON, Jan. 29.—Lt. Gen. Ira Eaker told senators today that an Army Air Force experiment in "all-weather flying" may help prevent civilian airline crashes.

"We have an airline operating from Dayton (Ohio) to Washington and landing at either terminal in any kind of weather," the deputy commander of the AAF told a special air safety subcommittee of the Senate Interstate Commerce committee.

"This is an experiment and a test proving ground for equipment and for operational procedure," he said. "When our equipment is fully tested and when our system is fully perfected, we will make them freely available to civilian commerce."

## Congress Appears Cool To Truman Plan

WASHINGTON, Jan. 29.—The house appropriations committee cast an icy glance today at President Truman's request for \$300,000,000 more to feed and administer occupied countries.

"They will have to show us that they need this extra money before they get it," commented Chairman Taber (R-N.Y.), whose reaction jibed with that of his committee colleagues.

"What they ought to do," Taber told reporters, "is put some of these people to work over there. There is a great need for labor in the mines and other industry in Germany and it seems that instead of keeping them idle and continuing to feed them, the occupation authorities ought to put them to work. At least they could pay for the food we send them then."

Taber noted that congress refused last year to give the war department the full \$500,000,000 asked by the president for foreign relief operations. Instead it voted \$425,000,000 which has \$75,000,000 more than the house had allowed originally.

The new funds, if granted by congress, would boost to \$725,000,000 the amount earmarked for the purpose during the fiscal year ending next June 30. A similar amount has been requested for the next fiscal year.

## EAST GOSHEN

Mrs. A. C. Johnson and Mrs. L. W. Ailes and daughter Jean of Alliance, Mr. and Mrs. John Hedderson of Sebring and Mr. and Mrs. Paul Gregg of Youngstown called on Mr. and Mrs. Charles Cattell Sunday.

## Thank God For Muscle-Rub!

Writes Mr. Robert Jordan, Colon, Mich.  
**Advises every sufferer from Rheumatic—Arthritic—Sciatic—Neuritic Pains to try Muscle-Rub.**

Here's the true story of a man who took treatments, used all kinds of remedies for his sciatic, neuritic pains without being helped in the slightest degree. Mr. Robert Jordan, of Colon, Mich., suffered agony from pains in his hip—knee—calf of legs. The pain at times was so bad that he couldn't sit down. He tried several different treatments, many different medicines, all of which did him no good. He couldn't work. Life was misery for him.

Then one day he saw an advertisement of Muscle-Rub—the doctor's prescription—and in desperation bought a bottle. He used it as directed and in 3 days the pains were relieved and Mr. Jordan was back on the job.

No wonder he advises every rheumatic sufferer to try Muscle-Rub for fast pain relief. Get a bottle today at any live drugist.

Remember, Muscle-Rub is sold on this money back guarantee. If only half a bottle doesn't bring relief your drugist is authorized to return your money. —Adv.

## State Bill Proposed To Hike Teachers' Salaries

COLUMBUS, Jan. 29.—A bill which would provide a \$2,000 a year minimum salary for school teachers was introduced in the Ohio house of representatives today by Mrs. Anna F. O'Neill, (D-Summit).

The bill further provides that any school district paying less than the \$2,000 minimum would not be entitled to participate in the state's \$60,000,000 fund for aid to local public schools unless approved by the Ohio director of education and the state board of control.

## Snow Storm Snarls Schedules In Europe

LONDON, Jan. 29.—The winter's worst storm swept across Britain and the European continent today, claiming at least 11 lives and causing widespread suffering.

Snow drifts four to five feet deep halted road traffic and snarled train schedules in Britain.

The weather threatened new food and fuel crisis in the American occupation zone of Germany. Snow and freezing temperatures extended over most of Portugal, where at least nine persons died of the cold.

Two fugitive German prisoners of war were found frozen to death in the Bavarian Alps.

Inland waterways throughout Germany, France and the low countries were locked by ice, halting shipments of food and coal.

## Bishop Attacks Rental Leases Barring Families

COLUMBUS, Jan. 29.—Rental leases which carry "adults only" provisions are "immoral, unjust and unnatural," Bishop Michael J. Ready of the Columbus Catholic diocese told the Ohio Catholic welfare conference here last night.

The bishop urged legislation to eliminate the rental qualification and correct "the injustice" of a recent Ohio Supreme court decision which upheld the eviction of a Cleveland war veteran and his bride after the birth of a child.

Questions and Answers On Problems of the Servicemen

World War II veterans' survivors who may qualify for social security benefits on the deceased veterans' service record should apply for benefits at once to avoid loss of money, Glenn H. Pittenger, manager of the Youngstown office of the Social Security administration, warned today.

Eligible survivors of veterans who died after their discharge from the armed forces and before Aug. 10, 1946, have only 15 days to file their claims to receive benefits payable back to the time of the veteran's death, Pittenger said.

The 1946 veterans' amendment to the Social Security act provided monthly cash benefits for dependents of ex-servicemen who died, or will die, within three years after discharge, leaving their survivors without compensation or pensions from the Veterans administration.

Survivors of ex-servicemen who died before enactment of the amendment on Aug. 10, 1946, were

Very attractive eight-room house, located on 10 acres of good land about five miles south of Salem on paved road. This practically new home is of frame and shingle construction and is in excellent condition throughout. Completely modern with good furnace, complete bath upstairs, separate toilet downstairs. It is nicely planned having living room with lovely stone fireplace, nice sun porch, dining room, modern kitchen and bedroom on first floor, three bedrooms on second floor. Hardwood floors downstairs.

Good cemented basement, well water supplied by electric pressure system. Other buildings include very good double garage and small barn just right for the place. About half of the land is under cultivation; balance in good pasture watered by never-failing stream. Plenty of fruit for home use.

Owner will include one Ford tractor on steel, one 4-wheel garden tractor, nearly new, wagon, manure spreader, hay rake, mowing machine, corn planter, cultivator, hay fork, rope and pulleys, one cow and all feed at a price of \$12,000. This is a very desirable country home and is now being advertised for sale for the first time. It must be seen to be appreciated and can be shown only by appointment.

## Labor Hearings Open

Republican Senate Labor Committee leaders are shown just before a closed session beginning what promises to be the most extensive review of national labor policy since passage of the Wagner Act in 1935: H. Alexander Smith of New Jersey, Joseph H. Ball of Minnesota, Robert Taft of Ohio, co-authors of the Ball-Smith-Taft bill, a rewritten version of the Case bill.

## VET'S SIGHT RESTORED BY BLAST

BLINDED BY AN EXPLOSION in Germany two years ago, veteran Richard Hebert can now see clearly with both eyes. Hebert regained the sight of one eye through the efforts of Army doctors, who expressed doubt that he would ever be able to see with the other. A few days ago, the ex-GI was stoking the furnace in his Chicago home when a coal explosion damaged the furnace, but miraculously returned sight to the vet's blind eye. He is shown here with his wife, Charlotte, reenacting his amazing experience which brought back his vision. (International Soundphoto)

## VISIBILITY DOESN'T MATTER IN NAVY LANDING TEST

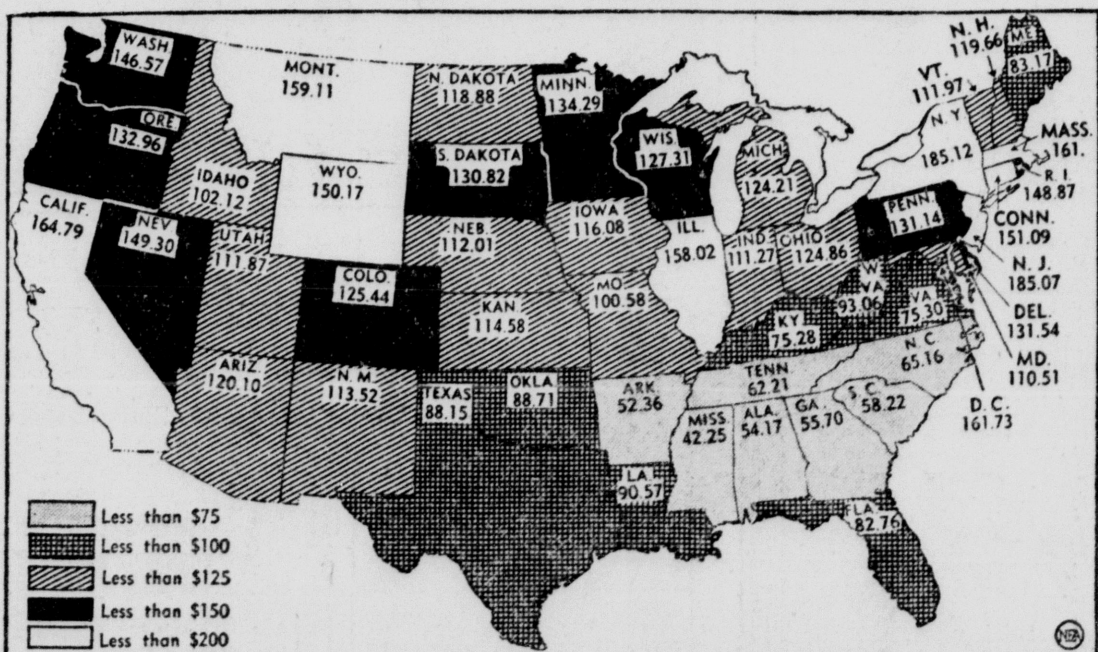

AS THE RISING NUMBER of plane disasters continues to cause widespread concern, tests at Floyd Bennett Flying Field, New York, demonstrate a radar-guided landing system, perfected in wartime by the Army and Navy, which safely guides planes in all sorts of weather. Because the tests were made on a clear day, Lt. William Phipps and Lt. Cmdr. Nelson Case (right) black out the cabin of a Navy PBY to simulate foggy weather. At left, their plane prepares to make a landing by GCA (ground control approach). (International)

# Quakers Pull Certain Defeat From Fire To Win 48-44 Over Alliance In Final Minutes

## JIMMY LAUGHLIN RED-HOT, SCORES 17, AS AVIATORS TURN IN BRILLIANT PERFORMANCE

Salem's victory yo-yo popped back up just in the nick of time Tuesday night at the High school gym and they consequently pulled certain defeat right out of the fire 48-44 over an inspired and dangerous Alliance Aviator outfit before 1,300 basketball mad fans.

Alliance previously gave Salem a 45-43 thrill on the roomy Memorial gym court at Alliance and the smaller Salem floor didn't seem to hurt the Aviators a bit, for they played Salem nearly off their feet here last night.

The victory was Salem's 10th in as many games and the loss made Alliance's record total four wins and eight losses.

The evening was truly Jimmy Laughlin's, for the diminutive guard, who has been on the short end of the scoring all year long, went hog-wild and dumped through eight baskets and a foul shot for 17 points.

The short, scrapping Senior lad broke Alliance's heart several times with beautiful set-shots and came through with the all-important basket that put Salem ahead 46-44 with but 37 seconds left in the tilt, after Alliance had led.

Big Bob Payer, who didn't seem quite up to par, clicked as usual for a valuable 14 points.

His most sparkling show, however, was defensively and at the foul line in the final minutes of the fray. Besides holding Roddy King, Alliance 6-3 center, to a single point, Payer stepped up to the foul line four times within the final three minutes and sank four fouls which brought Salem from a 44-40 deficit back into the fray.

It was seconds later that Laughlin's underbasket shot on a fast break put the Quakers in front 46-44 to stay. He took a pass from Tom Miner.

Another beautiful relief job was presented local fans by Sophomore Miner, who went in for Capt. Tony Martinelli after Tony was expelled via the foul route with the score 44-40 and but two and three-fourths minutes left.

Miner not only controlled the Salem ball handling neatly, but broke perfectly after Laughlin's

SHOT BOX	FG Atpts
Laughlin	8 18
Lanney	1 18
Payer	4 14
Martinelli	4 18
Kelly	2 6
Miner	1 1

underbasket shot to ice the fray with a two-pointer on a pretty pass from Payer.

Without taking a thing away from a brilliant performance by the well-balanced Alliance outfit, it's a safe statement to say the Quakers were not up to par, neither on shooting or on ball-handling.

That, of course, could be traceable to an excellent Alliance zone, which shifted from a 3-2 to a 2-3 formation several times during the fray.

It was only Laughlin's consistent popping of long ones that forced the Alliance break in defense, but the Quakers, especially Francis Lanney, couldn't seem to take advantage of the subsequent weakness in defense at the other spots.

Lanney definitely had a bad night, but several of his 17 misses in 18 tries rolled in and out of the hoop. His accuracy seemed as good as usual but the strings were over the basket for him.

Salem jumped into an early 4-0 lead on Laughlin's first two baskets early in the initial period. Frankie Common, who played a beautiful game, hit for Alliance and then Lanney got his only two-pointer, a short one from down under. The lead advanced to 11-3 before Alliance began creeping up and it was 15-11 at the quarter.

Alliance failed the three points necessary to make it close in the first four minutes of the second and at the four-minute timeout it was 15-14 as Salem went scoreless.

Laughlin hit a pair of baskets to make it 19-14 before De Jones of Alliance clicked on a push shot.

Virgil Kelley's foul advanced Salem to 20 and Tony Martinelli made it 22 with a push from the foul circle as the half closed with the Quakers leading 22-17, one point less than they led at Alliance on Jan. 3.

Salem was blanked again during the first four minutes of the third frame and Alliance took the lead, 23-22, on Jones' second push shot. Common hit another two-pointer immediately from away out and the Aviators led 25-22 with three and a half minutes left in the third.

Payer broke the Salem ice with a foul. Kelly hit a basket to tie it 25-25 and Martinelli regained the lead with another short one. Payer's perfect rebound made it 29-25 and Salem seemed safer for a minute.

Laughlin made a foul for Salem and Martinelli dumped another basket to give Salem 32 as Alliance came up to 29 on shots by Bill Berea and Paul Thomas.

In the final the lead changed hands six times and the score was tied three times. Salem fell behind 44-40 on baskets by Thomas, Jones and Berea and a foul by Commons, all in five house order.

With the score 43-40 and just two minutes and 45 seconds left, Tony Martinelli fouled out of the game and Commons made the foul for the 44-40 difference. Alliance's greatest lead.

Things looked black for the Quakers but Payer came through on the four fouls to tie it up and Laughlin and Miner clinched it with a pair of field goals. There were 37 seconds left when Salem went ahead 46-44 and only 14 left when Miner made the 48th point. Salem and Alliance were equal on shooting percentages, the Quakers

## Second Guessing

By DON E. BEATTIE  
News Sports Editor

### MUSINGS ON THE ALLIANCE GAME

The Quakers tried the hearts of local fans once again. It will take much better form to beat the Potters Friday. Coach Merrill Hall of East Liverpool and at least three others assisted in getting dope for the Friday fray. The players had trouble hearing the whistles in the third as Alliance went ahead for the first time. Several plays went on, despite violations. The Alliance showing here should convince some that Salem's floor doesn't hamper activity too much. Alliance was only two points closer to Salem on the Memorial court at Alliance, but never led. Jimmy Laughlin's high last night completes the round, now every starter has been high point man at least one game this season. Titus Lobach, Akron official here last night, had to quiet Coach "Nip" Heim of Alliance in the fourth. Nip was jumping up and down a mile too much, Lobach said. Payer had three on him again, and scored 14 points. His foul shooting was good for six of seven possible points.

### DEPARTMENT OF INFORMATION

This district—through the cooperation of the state highway patrol—has acquired a talented and interested sports official.

Albert Hartman, newly stationed state patrolman at the Salem substation, hails from Dover and is noted throughout that area and most of Ohio as a leading basketball and football official.

Hartman recently officiated a Toledo-Ashland game which wound up with Ashland on top after four exciting quarters and an overtime period. Despite the fact that the Toledo coach lost the game and three of his players on fouls during the game, he said that Hartman's officiating was "perfect" and added "that guy can work a game for me anytime."

The story was carried by Sports Editor Loren Tibbals of the Ashland Times, former INS sports editor for Ohio.

That's a pretty high compliment from a coach who lost such a tight fray and it certainly speaks well for Hartman. Hartman, incidentally, watches the local games here whenever he gets an opportunity.

He worked the Warren-Mansfield game at Mansfield last week.

### HOT STOVE DEPARTMENT

Although it's still a long time until winter breaks and baseballs begin filling the air herabouts, the American Legion baseball program already is beginning its efforts towards a strong revival in Columbiana county.

With plans under way and two sponsors lined up for the local Legion team, A. V. Combs has been appointed chairman and manager of the local group this year.

Combs held an initial meeting for interested players last week and plans another at the Legion home, E. State st., at 3 p. m. Saturday. Any boy between the ages of 14 and up to 17 is eligible for competition this season.

Teams in the county Legion league will include, besides Salem, East Liverpool, Columbiana, East Palestine, Wellsville, Lisbon and Hanoverton.

Incidentally, players from Greenford and Goshen High schools who are interested are eligible to play with the Salem team and are asked to report to the Saturday meeting.

That is a good start towards local baseball again in Salem, but more is yet to come. There is still a good chance for a local hardball loop with several other sponsors interested in teams.

The H. I. Hine Co. and the Maytag-Morrow Co. are planning to aid the Legion team this year.

### ODDS AND ENDS

East Liverpool's cage outfit did not have a game scheduled last night. Salem's American Legion outfit won a thrilling victory over Liverpool's in a game at the old gym there Monday. Tony Martinelli, Salem captain, went through a practice session here last week without the customary chewing gum and wasn't able to come close to a basket.

Stopping Allen Bailey of East Liverpool, who has been getting the lion's share of the Potter points hitting 26 per cent with 20 baskets in 75 attempts, Alliance hit 25 per cent with 18 good ones in 71 tosses. At the foul line the Quakers meshed eight of 19 and Alliance did exactly the same.

Laughlin made a foul for Salem and Martinelli dumped another basket to give Salem 32 as Alliance came up to 29 on shots by Bill Berea and Paul Thomas.

In the final the lead changed hands six times and the score was tied three times. Salem fell behind 44-40 on baskets by Thomas, Jones and Berea and a foul by Commons, all in five house order.

With the score 43-40 and just two minutes and 45 seconds left, Tony Martinelli fouled out of the game and Commons made the foul for the 44-40 difference. Alliance's greatest lead.

Things looked black for the Quakers but Payer came through on the four fouls to tie it up and Laughlin and Miner clinched it with a pair of field goals. There were 37 seconds left when Salem went ahead 46-44 and only 14 left when Miner made the 48th point. Salem and Alliance were equal on shooting percentages, the Quakers

With the score 43-40 and just two minutes and 45 seconds left, Tony Martinelli fouled out of the game and Commons made the foul for the 44-40 difference. Alliance's greatest lead.

## OBITUARY

### OTLEY V. BOYLE

Otley V. Boyle, 60, a farmer of Damascus, died of complications at 8 a. m. Wednesday, following a two months illness.

A son of James and Lenora Bailey Boyle, he was born Feb. 16, 1886, at Belmont. He had spent his life in this vicinity. He was a member of the Friends church.

Surviving are his wife, Olive; one daughter, Mrs. Frank Wuthrich, R. D. 3, Salem; and Elgie, Damascus; four grandchildren; one sister, Mrs. Anna Saars of Akron; one half-sister, Mrs. Walter Greenstein of Belmont; one half-brother, Joseph Nelson of Sebring.

Funeral service at 2 p. m. Saturday at the Arbaugh-Pearce funeral home, will be in charge of Rev. G. D. Keister, pastor of the Holy Trinity Lutheran church. Burial in the Damascus cemetery.

Friends may call from 7 to 9 p. m. Friday at the funeral home.

### LYMAN R. SWINTON

Lyman R. Swinton, 31, of 1269 Maple st., died in the Salem City hospital at 2:15 a. m. today, following an illness of one week of pneumonia.

Born in Lenore, Kas., Oct. 1, 1915, he was the son of Nelson E. and Ruth Shultz Swinton.

He had lived in Salem three years, coming here from East Liverpool. He was employed in the purchasing department of the Deming Co. and was a member of the Deming Foremen's club. He was a member of the Presbyterian church.

Surviving are his wife, Laura; a son, Larry; his mother, Mrs. Ruth

Swinton Burford of Hanoverton; his father, N. E. Swinton of Bentonville, Ark.; two sisters, Mrs. Melva Pelley and Mrs. Hildreth Brown of Hanoverton; two brothers, Harold of Parma and Dwight of Hanoverton.

Funeral service will be held at 2:30 p. m. Friday at the Arbaugh-Pearce funeral home, in charge of Rev. David E. Molyneux. Burial will be in the Hanoverton cemetery.

Friends may call at the funeral home Thursday evening.

### MRS. JULIA M. ELSER

NORTH LIMA, Jan. 29.—Mrs. Julia M. Elser, 80, lifelong resident of this area, died at 10:15 p. m. Tuesday at the home of her daughter, Mrs. Beatrice Gotsche. She had been ill one week of complications.

Born in New Buffalo April 10, 1866, she was the daughter of Noah and Catherine Rinkenberger Messerly. She was married to John H. Elser in Canfield on Oct. 5, 1889.

They celebrated their golden wedding anniversary seven years ago. He survives her.

Also surviving are her daughter, Mrs. Gotsche; a sister, Mrs. Mary Goodman of North Lima; and a grandson, Clarence Gotsche.

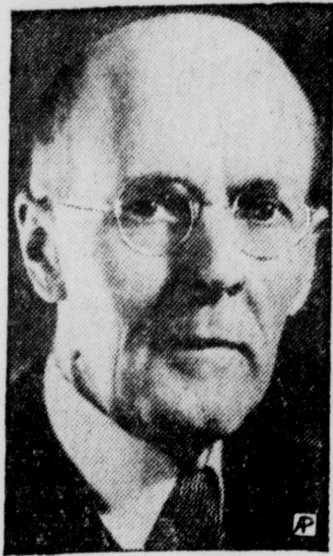

Funeral service will be held at 1:30 p. m. Friday at the Fry funeral home in Columbiana, in charge of Rev. O. J. Zechal. Burial will be in New Buffalo.

### Discusses World Forum

A review of the program and observations of the speakers at the forum conducted by the Council on World Affairs of Cleveland made J. Emeny's talk at the Rotary club meeting Tuesday one of especial interest.

In his opening remarks Emeny traced the origin of the council which now has 4,000 members and is the largest in the nation. His son, Dr. Brooks Emeny, an authority on international affairs, headed the organization, then known as the Foreign Affairs council, at its inception in 1934, and is still president. It was sponsored by the late Newton D. Baker of Cleveland.

Emeny was presented to the club by Ralph Hawley, who also welcomed two new members into the club.

## "UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

## Breaches In Atom Security Charged

WASHINGTON, Jan. 29.—Senators who heard reports of "serious breaches" in atomic energy security decided today to hold secret sessions before voting on the nominations of six men to fill their country's top atomic jobs.

Chairman Hickenlooper (R-Iowa), of the senate atomic energy committee, told reporters a vote was unlikely before next week although he hoped to wind up public hearings today.

The security leaks were reported by David E. Lillenthal, President Truman's choice for chairman of the atomic energy commission.

The "biggest breach," Lillenthal conceded under questioning by Senator McMahon (D-Conn.), was publication of the official Smyth report of the broad technique of nuclear fission.

Lillenthal said publication of that report was authorized by President Truman and by Maj. Gen. Leslie R. Groves, head of the Army's Manhattan district which controlled development of the atomic bomb.

He added that the report told of four different ways—also successful—of splitting the uranium atom.

The committee planned to question William W. Waymack, the fifth appointee to the commission, and Carroll Wilson, nominee for general manager, today.

## QUARTER MILLION AUTOS MAY GO OVERSEAS IN SHIPMENTS THIS YEAR

By DAVID J. WILKIE  
Associated Press Automotive Editor

DETROIT, Jan. 29.—The American automobile industry may ship a quarter of a million new passenger cars and only slightly fewer commercial vehicles abroad this year.

In passenger car exports the industry has topped that volume only once in the last 16 years; in 1937 it shipped 272,503 units to overseas markets. The highest volume of motor truck exports in the same period was 203,411, also in 1937.

The estimate of this year's overseas shipments is based on what now appears to be a fairly good prospect that American car and truck plants will turn out 4,000,000 passenger and 1,000,000 commercial vehicles and maintain the current level of exports.

Last year, out of a total production of 2,155,674 passenger cars and 940,553 commercial vehicles the nation's automotive industry exported 141,507 cars and slightly more than 188,000 trucks.

Other Exports Restricted  
While the Commerce department has lifted restrictions on the overseas shipment of new trucks, the wartime limitations on passenger car exports still are effective and trade circles generally expect them to continue through June 30 when the controls expire.

The relaxation of regulations on the export of used cars, it develops, is something of an experiment to be cancelled should it prove unsatisfactory. Inasmuch as only recognized exporters will be permitted to ship used cars under the order, no great outpouring of used cars into the overseas market is expected.

A limitation of approximately 5,000 units a month also has been decided upon, and they must be cars made prior to 1945.

It is understood the regulations will be tightened up again or further.
